

Announcing CAPTRUST's 2024 Endowment and Foundation Survey

An annual tradition, this year's survey expands on questions and techniques from previous years' editions. As always, its intention is to help nonprofit leaders understand what others in the space are doing, and why.

Our goal is to arm nonprofit decisionmakers with clear and actionable information that can help them make a positive impact. By understanding peer thought processes, nonprofit organizations can tap into the collective wisdom of the sector to inform their own decision-making.

The survey is open now and will close on August 1, 2024.

[Participate](#) Today!

To thank you for your participation, 501(c)(3) organizations that fully complete the survey on or before July 5, 2024, will have their names placed in a drawing for a \$3,000 donation.
