

The Washington Outlook: Plan Sponsor Implications

Episode 35

In episode 35 of *Revamping Retirement*, our hosts are joined by [Jeff Bush](#), a Washington insider known for his ability to decode the often confusing tax and fiscal legislative landscape.

Jeff provides an overview of what we can expect out of Washington in 2022—including a breakdown of the Infrastructure Investment and Jobs Act (IIJA) and what the Senate may cut from the House's version of the Build Back Better Act. Jeff also shares a recap of where Congress is on mandatory year-end legislation—like increasing the debt ceiling, approving government funding, and the National Defense Authorization Act (NDAA).

Later, [Jennifer](#) and [Scott](#) share the key takeaways of the Securing a Strong Retirement Act (known as SECURE 2.0) and discuss what this and other proposed legislation could mean for retirement plan sponsors.

In *Minute with Mike*, Mike Webb talks about how to prevent hardship distributions from destroying your participants' retirement savings.
